Are you using Omni Capital

finance options for your
customers' purchases?

For Retailer Use Only

Are you using Omni Capital Retail Finance to provide finance options for your customers' purchases?

Here's what you need to add to your website

If you've chosen Omni Capital Retail Finance (Omni) as your retail finance provider, you're in good hands. One of the first things you'll need to do is update your website, to help promote the availability of finance to your customers, and to give them all the information they'll need. The best way to do this is to have a separate Finance page on the website.

Whilst much of the content needs to be included on every Finance page, some of the content is dependent on whether you're providing access to interest-free, or interest-bearing finance. This guide gives you the information you'll need, and examples of how you may want to word and present each section.

Here are the sections you'll need to include

Are you thinking of spreading the cost of your purchase?

Finance is a great way to spread the cost of your purchase, if used responsibly. We have teamed up with Omni, one of the UK's leading finance specialists, so that you can apply for and complete a loan application quickly and easily – the online application process only takes a couple of minutes to complete, and you will receive confirmation of whether your application has been successful, or referred for further consideration, instantly.

More about our finance option(s)

Our monthly payment plan(s) are designed to help make your purchase more affordable.

We offer:

- Deferred payments for X months
- A payment term of X months/Payment terms between X and Y months
- Interest free finance/An APR of X.X%/APRs from X.X% to Y.Y%

It's important to remember that you should only enter into a finance agreement if you are sure you can afford the repayments for the full term of the loan. Whichever finance option you choose to apply for, you need to be sure that you can afford to pay the deposit, and keep up with your monthly repayments. You should think about any changes to your situation that might occur during the term of the loan, which could affect your income or expenditure, for example – retirement, moving home, changing jobs, or any health issues.

OR

Finance options are a form of credit. If you fail to maintain your payments, your lender could ask a debt collector to contact you or commence legal action to recover the money you owe. A poor repayment record will affect your credit file.

Pluralise the wording if you offer more than one option

Add the details of the options you offer – make sure you make reference to deferred periods, payment terms, and interests rates as applicable

You'll need to include a warning which explains the implications of failing to keep up payments on the finance arrangement – here are two examples of how you might phrase this (one is more direct than the other)

Check your eligibility

You can be considered for finance if you:

- Are at least 18 years old
- Are a permanent UK resident and have lived in the UK for at least 3 years
- Have a gross annual income of at least £5,000
- Have a UK bank account capable of accepting Direct Debits
- Have a good credit history with no late payments, Debt Relief Orders, County Court Judgments or bankruptcies
- Meet any other Omni criteria

Please remember that your application for finance isn't guaranteed to be accepted, and that all applications are subject to status.

There's no need to change this wording, it summarises Omni's key requirements

The FAQ section is a great way to anticipate questions from your customers, and provide helpful information. We've populated some of the static answers here, you'll need to provide answers to the others depending on your arrangements with Omni. You can also add your own questions if you want

Will a credit search be registered against me if I apply?

Omni will perform a 'soft' credit search on your credit file as part of their assessment, to determine whether the loan is affordable for you and if you are likely to make your repayments on time.

It's important to know that an application for credit will only result in a 'soft' search on your credit file until the point your application for finance is complete, at which point a 'hard' credit check will be recorded on your credit file. Only you can see that a 'soft' search has been made on your credit file, but a 'hard' credit check will be visible to others viewing your credit file, for example, if you apply for credit in the future, the lender will see that an application credit search was made on your credit file.

What happens after I have submitted my application?

Your application will be assessed based on eligibility, credit history and affordability and Omni will let you know the outcome in just a few seconds.

Your application may be referred to a lender for manual assessment and you may receive a request for additional information to support your application.

What happens if my application is accepted?

Once your application is accepted you will be prompted to review and sign your credit documentation. This documentation will detail all the important information about your loan and should be read carefully.

What happens if my application is referred to an Underwriter?

You will receive a response from the Underwriter within 20 minutes of the application being referred during normal working hours. This can either be an accept, decline or a request for more information.

If more information is requested, you will receive an email detailing the information required. If you have any questions, you can contact the Underwriting Team at underwriting@ocrf.co.uk.

What happens if my application is declined?

If your application was declined, Omni may be unable to give you specific reasons why. Omni use information from your credit report, alongside your income and expenditure data to make a lending decision. You will receive an email which will provide further details of the Credit Reference Agencies and contact information for any queries you may have.

Managing my loan: When do my monthly repayments start?

After your goods or services have been provided your loan will be activated. Your first Direct Debit payment will be taken approximately 30 days after you receive your welcome email from Omni. This will show on your statement as a payment to Omni.

You can request to change your monthly payment date after the first payment has been made by contacting Omni and speaking to their customer services team on **0333 240 8317**. You will also be registered for their Customer Self Service portal, where you will be able to change the payment date yourself.

How can I contact the lender to discuss my loan?

There are three ways to contact Omni:

- Through the **Customer Self Service Portal**.
- By email at **customerenquiries@ocrf.co.uk**
- By telephone on **0333 240 8317**.

Are there any fees for repaying my loan early?

There may be a fee for early repayment depending on the type of loan. Your Credit Agreement will detail the applicable fees for your product.

Can I cancel my finance agreement?

You have 14 days to cancel your credit agreement, please note that to cancel your goods and services you will need to speak to us directly. Cancelling your finance agreement with Omni without cancelling the goods and services will mean payment for the goods and services will still be required.

If I need to make a complaint, who do I contact?

If you are unhappy with the level of service Omni have provided or anything Omni have done, you can let them know in the following ways:

- By telephone on **0333 240 8317**.
